からい	Soft - 06.dng 10 Sep	2.29 MB	DNG image	ø	Soft - 06.dng 10 Sep	2.29 MB	DNG image

STEP 8: Open the first DNG file.

STEP 9: Scroll the bottom pane and select Presets.

STEP 10: Select Options and select Create Preset.

STEP 11: Now you can name your Preset.

STEP 12: Create a New Preset Group by clicking on User Presets.

STEP 13: Choose a name for the New Preset Group.

STEP 14: Do the same with all the other Presets. Adding them to the created group.

STEP 15: Once all of them are installed, they will appear in your User Presets Group.

REPIXY

IT'S ONE THING TO MAKE A PICTURE OF WHAT A PERSON LOOKS LIKE, IT'S ANOTHER THING TO MAKE A PORTRAIT OF WHO THEY ARE.

- Paul Caponigno
